No. L. 5363-70—Ml. 122-25-2, Bangalore, dated 26th January 1926.

Government are pleased to lay down the following general principles which may be kept in view in making nominations to Municipal Councils, Local Boards and Village Panchayets, it being, however, always borne in mind that each Municipal Council and Local Body requires to be constituted having due regard to local conditions :—

(i) A person who stands for election and who is not elected should not ordinarily be proposed for nomination and full and adequate reasons should be given, if an exception is to be made in the case of such a person.

(ii) If a community or interest is adequately represented by election, it is unnecessary to recommend nomination to represent such community or interest.

(iii) Persons recommended to be nominated should ordinarily be such as would represent minority and depressed communities and interests that are not adequately represented by elected members.

(iv) Representations of depressed classes by nomination should always be safeguarded whenever suitable candidates are available.

(v) Where there are recognised associations intended to conserve the interests mentioned above the Secretaries of such associations may be consulted whenever such a course is deemed expedient or necessary.
